“ hey sis, i miss you so much. I wish i knew why you did what you did but i dont and i never will. Just letting you know i still think about you everyday. All day and my love for you is still unconditional and always will be. I hope your lookin our for me i need it bad right now. I feel like things that happend to me lately wouldve never happend if you were still here. i just wish i wouldve let you know how much i loved you before you did what you did so you wouldnt feel the way you felt. But its over and done now and theres nothing i can do about it. i still havnt accepted it but i will one of these days. i love you sissy with all my heart and soul and i cant wait untill i see you again.
