“ Anita Burchfield helped make Tree of Life a great company in their hay day. She was the "go to" for so many people, including me. She knew where to turn to in any department to get an answer for a customer. She became a very good friend and we stayed in touch for a long time. I loved chatting with her, and miss those days. She was particularly fond of one of her nephews. If you are that person may God bless you and may you always remember what a genuine, loving, and kind person Aunt Anita was. She will be missed.

My condolences to the family, I enjoyed getting to know her while working at Bayview. We had many conversations about her family, she always expressed her love for her family. She spoke about her Nephew often & I believed he lived with or close to her for a while she was very proud of him. She really enjoyed the times her family would bring her out to lunch. She really appreciated her family. I'm sad I haven't seen her since I left bayview last April.
