“ Sorry to hear about your loss. I met Tony when he came to work here at Grumman in St. Augustine. We worked on many projects together starting with the F14. I learned a great deal from him and he will be sorely missed as he was when he retired. God Bless and I'll see you in the hanger on the other side.

Roy Meese - November 12, 2018 at 12:00 AM

“ Barbara and Family, So sorry for your loss. Tony and I worked on numerous projects from the mid 1980's at Calverton and continued at St Augustine until his retirement. Tony's professionalism, expertise and attention to detail made every project extremely successful and I was always proud to have been a part of the team. Tony and I shared our love of cars and we also shared our birthday with Elvis. Tony was my dear friend and I will miss him. Our thoughts are with you and the family. Rich and Janice.

“ Barbara and Family, Not enough space on this forum to describe your husband, father and grandfather. Tony was a great man and a very close friend of mine. We worked together for years and was running mates for even longer. He will always be on my mind as will be the rest of you. You all took me in and made me one of your own and I will always be grateful for that. Hope you can get some comfort knowing what he meant to me and the hundreds of other people he was friends with. Take Care, Dave

DAVID AND PAM BRIGHAM - November 08, 2018 at 12:00 AM

“ Dear Barbara and Family, I truly loved Tony like a brother and cherished him as a very dear friend, as I cherish all of you as well. It breaks my heart to have to say goodbye to him all too soon. It will take me some time to process this, and I will miss his presence and his acerbic sense of humor every single day! You are all in my prayers.

Mike Iodice - November 08, 2018 at 12:00 AM

“ Barbara & Family, my condolences and prayers to each of you in the lose of this great guy. I worked with Tony for many years and he was always a joy to work with: so down to earth and helpful. Never negative but instead always saw the upside to every situation. I could always count on having a better attitude towards work after talking with him at any time. After his retirement we would often see each other at Ned's or Long Horn Steakhouse. I will still look for him every time I visit these places. As Dave stated, please take comfort in knowing how much he meant to so many people. He is a true friend to everyone he met.

“ Barbara and family. These simple words can not fully express the shock and grief from losing such a great friend. I can't imagine what the family is going through now and only wish I could find a way to aswage that awesome grief in some way. Tony and I worked together for just a few years - but he was always there through thick and thin. We became even closer 'car guy pals' outside Grumman. The sense of sadness is almost overwhelming knowing I will not be able to talk to him and share that continued bond. I will miss him greatly. My thoughts are with each of you. Tony

Tony Tavormina - November 08, 2018 at 12:00 AM

FD

“ Tony was a good person to work with and a friend. He taught me a lot about the F14 and 1969 Camaro Z28s. The Castellano family has Sandy and my condolences and prayers

Fred Drajna - November 08, 2018 at 12:00 AM
