“ I want to school with Arnold in Altadena, CA. K thru 9 and possibly K thru 12 (can't remember). Arnie was about the most unique kid I knew. He was very smart, but studied what interested him, seemed to be unconcerned about grades. He was one of a kind.

I always wondered what happened to Arnie. He could (and may) have done anything.

If anyone can fill me in on his life, please do at bdaniels@tm.org.

All the best,

Bob Daniels
