“ *BETTY, even though you are gone, I think about you often. You were such a wonderful woman. And I really appreciate everything you did for me. I am so sorry that I did not get to see you more throughout the years, but my illnesses have stopped me from doing a lot of things. I'm almost 64 now and I know you would be so proud of me for fighting so long. Mike and I bought a beautiful home on a lake near Gainesville. I know you would have loved the sunsets. When I get depressed, I think about the jokes you used to tell and also stories which were all so funny. You are so missed. I know I will see you again one day. Love you, Libby*
