“ *Blake, my daughter adored you and I know you adored her. You came to my house and introduces yourself like a man before you took her to do anything. So rare now a days. Made me like you Immediately. You showed up at Easter with my entire family not too long after meeting me face-to-face which took some serious guts! You wanted it so badly to make us proud because of how much you love Kayden. You even sat through entire Celtics game and watched every second with me even though I was pretty sure you could care less . You even got rid of your famous Palatka Lean I'm pretty sure because we gave me such a hard time about it and couldn't wait to tell me about it at Kaydens graduation. Such a big heart my man. We are going to miss you buddy*

“ *We had so much fun - I loved seeing you at Donovan's and the Holidays we spent together. The first time you ate Alaskan King Crab legs and riding in the Vette when you lost (and later found) your hat. You always had a great big smile on and we're one of the nicest, most amazing young people I have ever met. Gone too soon Brother...Rest in Peace.*

“ We are heartbroken at this loss as well as for his mom and family. I will always treasure when he would come into Donovans to see his mom and grab something to eat. Sometimes he would sit with us and just talk about his day or when he met his new girlfriend Kayden. Anytime I would mention a haircut he would smile and tell me I was crazy. We are truly blessed to have known Blake. We are sending all of our love and prayers to Angel, family and friends.
