“ Even a year later..... I still miss knowing Byron is around. Playing the drums next to his bass playing, at the Naval Academy Band, was always a joy. He was an outstanding musician but more importantly a great shipmate and friend. His humor was one of his trademarks... and you could always count on Byron for a funny story. I missed him this year at the Navy Musicians Association Reunion. He would always be one of the first of our group I would see.... and would always greet me with a huge smile. Rest now shipmate.... I we have the watch and save me a seat in the band.

I'm sorry to hear of his passing. I came across his business card today. For many, many years he assisted me at Chuck Levins. I'd call him and he'd set out flutes for my students to choose from. The best advice he ever gave was when I retired from TUSAB. "You know Maria, the best thing that will happen, they'll forget about you as soon as you walk out the door." He said it with a genuine smile on his face. Thank you, Byron. You in Heaven and your family will be in my prayers , always.

“ I have fond memories of hanging out with Byron in the electronics repair shop at the Naval Academy Band. I once put together a little headphone amplifier for use with 2 aircraft headsets. I had Byron check my work, and I was floored to hear him say I did a better job of soldering than he could do. I was blessed to house-sit for the family during one of their vacations, and accidentally got Cathy's beloved potted windowsill flowers to bloom...much to her shock! All in all, Byron will be greatly missed by me, and many others, with good cause. ,He was a true friend to so many.

“ While playing euphonium in the Naval Academy Band I got to sit in the back row with Byron, Rabbit, and the tubas. It was sometimes hard to play because the comments during the concerts were hilarious. I am sad to hear of Byron's passing and have fond memories of his great musicianship and sense of humor.

“ *For the Toney family. I am very sorry to learn that Byron had passed away. He was the first veteran that I met at the monthly veteran’s breakfast. I was Navy air so we spent the entire time sharing memories of our Navy service. He was a fine man and will be missed at our monthly gathering. Please know my heart is with you during this most difficult of times.*

Dear Cathy, Larry and I are so sorry to hear of Byron's passing. We have warm memories of both of you and the girls. We had so much fun at NAPS parties. And remember the great music at Amy and John's wedding.

We are still in Bloomington, and even get to "Old Kentucky" once in a while. Love and hugs to all of you. Carol Weingartner
