

## Carol S Devilbiss

February 12, 2024

A Celebration of Life for Carol S. Devilbiss of St. Augustine is being held on Sunday, April 14 with family and friends in attendance. Carol and Dutch loved the ocean and boating- the oceans waves, color and sandy shores were always special and hold wonderful memories for their final resting place-together. Per their wishes the family will have a sailboat service to honor their wonderful lives of sailing and travel on the wonderful Atlantic Ocean.

“ Growing up Aunt Carol was my favorite aunt. She was beautiful, always tan, and never seemed to age. I always loved her pixie haircut which is probably why I copied the same for most of my life. When I think of her I see her on the beach, enjoying the ocean breeze, and collecting seashells. I hope you are enjoying happy hour with Mommom, Poppop, and your husband Dutch. Rest in peace, you will be greatly missed!

“ One of my favorite Aunt Carol memories was walking the beach with her and talking. Every few steps she would bend down and pick up a shark's tooth. I got so frustrated because I wanted to find them too! By the end of the week she taught me what to look for and I was actually starting my collection. I would sit in her living room admiring all her jars of shark's teeth she collected over the years.

“ I'm so glad I got to meet this lovely and classy lady in FL. Being the 'youngest' at the lunch group, I was going to 'help her up'. She was out the door before I got out of my chair!  
My condolences to Mark and family. I know she will be missed. Dee

“ Carol, I couldn't begin to list all the wonderful memories that come to my mind when I think of you, and usually they include Dutch or your entire family! We certainly had many good times and adventures during our sixty-five years of friendship. You, along with your family, hold an important place in my heart, my life story, and the lives of my daughters. I love you and will miss you terribly ! Cris

“ I had the pleasure of meeting Carol for first time at lunch at Ford's Garage Restaurant and I knew immediately she was as unique as the restaurant. At the age of 93 she was warm, open and entertaining. It was our chance to get acquainted as she would ultimately become my daughter's mother-in-law and I would become her son's mother-in-law. I live in Maryland and she of course was in Florida, and I knew we would become close friends in time... even with the miles between us. I am sad that this can never happen, but I am so happy to have known her..... if only for a short while.

“ Carol, I am so thankful for the time we spent together. I enjoyed the time we spent getting to know each other over breakfast in your kitchen. You with your fruit, and me with my coffee. We laughed at stories of how you met Dutch and the trips you both enjoyed. We talked about the challenges of navigating life and the joys and sorrows that came with that. I'm forever grateful that you entrusted me with the happiness of your son. You will be forever missed. Rest in peace.

Your favorite daughter-in-law,

“ How do I put 60 years of memories in one or two paragraphs? My mom was the greatest. She always had time to take me to football practice, baseball practice and soccer practice. Seemed she always had a cotton ball and calamine lotion at the ready, cause a was always getting a good case of poison ivy. I love you so much Mom, more than you will ever know. You will be missed

“ Mom, I’m having such a hard time with this. You were so much stronger than I realized. You said several times over the last few years what a great life you had. You and Dad forty years of retirement, but you didn’t really retire until you moved to Westminster seven years ago. You traveled the world, loved the beach and had many good friends. Dad was a force of nature and you let him shine. I’m so glad I was able to appreciate your strength and so thankful that I had you for as long as I did. I still think daily that I need to call you and tell you something...  
Always in my heart,

“ I’ll always miss going down to Florida for spring breaks and spending time with mommom at the beach club. She models everything I want to be as a future wife and mother; strong, caring and 100% herself. 93 years of such a beautiful life - leaving behind a family who loves her so very much.

*I love you mommom and I will forever be grateful for the time I got to spend with you before you went to meet Poppop.*

*Love you

“ *Your relationship with your mother is your first relationship. You were my rock star mom-stronger than any of us knew until later in life. You lived life to the fullest, with travel, beach trips and loving family.*

*I miss not being able to call you and “chat”.*

*I love you mom.*

*Your favorite daughter* 🥰
