“ *The first time I met cathie we were working at Denny's. She looked at me wide eyed and said " I don't belong here, I'm June cleaver" I replied " well, not for long". That was close to 30 years ago. We became best friends. She made a wicked pasta salad, and did the best impression of axl rose singing welcome to the jungle. We would sing and dance to Madonna in the living room and do our annual Christmas shopping and lunch. Her faith was strong and she never faltered even through the last years of her life. My heart is broken and I will miss her dearly but i know she is in a better place. A place where she wanted to be.*

“ When I first went to the St Augustine Denny's as a manager my sister told me look on the dayshift servers and look for Cathie Desjardins. If she's on there she's someone you can count on and a great server. Boy was that the truth. She mothered my sister when she worked with her and she did the same when working with me. She was the best of the best. My favorite Cathie memory is when I went back to work after chemotherapy, I was wearing a bonnet because my hair hadn't come back in. My district manager was trying to tell me I looked fine and didn't need the bonnet. He took the bonnet off my head in the dining room and I just froze, because I was horrified. Cathie God love her went into Mom mode and freaked out on him for doing that to me. When Devin was little he was my sponge Bob square pants buddy. Anytime I saw something sponge Bob I always bought it for him. One day I came to work and there was a bouquet of flowers from a secret admirer. I racked my brain trying to figure out who, at the end of the day she told me it was from Devin and her for all the nice things I'd done for Devin. I was so surprised. I shouldn't have been though that was how she was. Fly high my friend no more pain. Go say high to the other Kathy in my life, my Mom. You will be so missed. I'll never forget you my friend, never.

“ I am so sad to hear this! Cathie was a best friend growing up in Peabody. We had so much fun walking between our houses and stopping at her grandparents farm between our houses. I will treasure the memories of the time we spent together. I had moved away when I was 16 but went to visit over the years until life got busy and Facebook was our means of connecting occasionally. I'm so sorry for your loss. I'm sure she was a wonderful grandmother as she was a wonderful mom. She will be missed. So sorry for her mom too. No one should lose a child at any age. Please tell Pricilla that Debbie Moller sends love. ❤️

“ My work wife. My birthday twin. My mama bear. I would have followed you through fire. You were fiercely loyal but so kind to the bone. Rest now, and be with God. We will laugh together soon.

“ I will sure miss her smile and wonderful nature. We had many talks about Jesus and life's ups and Downs. She was a fighter and did it to be with her family and her darling grandchildren. I'm so very sorry for your loss. She will be missed.
