“ Our sweetest little angel Cayden, You was loved from day one, sorry your time here was short. We didn't get a chance to love you & spoil you as we do with your brothers & cousins.. you will forever live in our hearts.. thank you for the memory you gave me, when I saw you for the second time..when I went to hold you & you grabbed my finger so tight . I still feel your little fingers touching my mines, as I prayed & worship with you you saw my tears & heard my heart.. I will hold this moment until we meet again.. I will love you forever and a day! Our angel in heaven! 💙
