“ Chris, I spent yesterday on the beach. All I could see was you walking down the beach towards me. I love you and I miss you.

“ I was looking at BCC's weekly bulletin and noticed Christopher's memorial service. While my family lives out of state now, I wanted to do some research to know if I remembered any of the family. Although I have never met any of you, I wanted to let you know that my family is praying for your family. We have walked in your steps very recently in very similar ways. We pray for peace and wisdom that only Christ can bring.
