“ It was our great pleasure to know Daniel, and we knew him to be kind, generous, and loyal. He was a true asset to The St. Augustine Swashbuckler's Crew, and he was a friend to everyone. He loved Tang deeply, and he never missed an opportunity to involve her, because piracy was something they could do together. He will be missed dearly.

“ Daniel was the first person to approach Donna and myself when we first thought about joining the Swashbucklers. In fact during the course of the night he talked to us about 5 different times asking if we had any questions or if we needed anything. That was the type of person he was. Once we joined it wasn't to long before we became close friends. Daniel, Greg and I would hang out a lot and go on many adventures. We would joke about having a Bromance. With Daniel what you saw was what you got. There was no false personas He would tell you like it is. He was the type of friend that you could call day or night if you needed him he would be there for you. I will miss my Bro a lot.
