“ To The Bergeron Family. My name is Gary Marmontello and have known Dennis through our many years of playing poker together. He was one of the good guys . Never had an unkind word to say about anyone especially in an environment where it was easy to do. Always a smile on his face and a kind word.to others. I also suffered from sever back pain and on many occasions we shared our stories.

When the word passed through the poker room of his passing there was a true sense of sadness from the many other players that knew Dennis. To many of us Dennis was a big part of this extended family.

On behalf of so many of us who knew him, our sincere condolences to you and your family. He will be missed.
