“ *I just heard that Dennis died, I am so deeply saddened by this news. We fished with him hundred's of times and I have tons of pictures of just about every trip. We would go to Saint Augustine for 2 weeks every month and fish every day. You always thought he was so serious when you first met him but once you started fishing you saw his wonderful sense of humor. Anyone that ever fished with him has a great Dennis story and those are memories you won't forget. We met his brother when he was inventing his neck pillow and Linda and Kami. I am so sorry for your loss. if I would have known I would have been there for the service.*
