“ My Uncle Earl was the quiet and contemplative one of my uncles. It's like he was always sitting back just studying the human condition. He spoke softly and loved our Lord fiercely! One of my most precious memories was having him lead the whole family at Sunday morning Bible study when we had a family Reunion in Tennessee. That might not seem so special to many people but we thought we had lost him to dementia just two years prior. God wasn't done with him. The right doctors made all the difference and with the right diagnosis he came back to us. His family received the blessing of his company and love for many more years. Enjoy your rewards in heaven Uncle Earl. We love you. And tell mom I'll see her later!
