“ 8 years papa... its been 8 long years. Happy Veterans Day. I love you so much, I have 2 babies now. They'd absolutely adore you! Preslee would be stomping on your toes just as much as I did. I really wish you and gram were here. I miss you both more than words could ever explain. I miss your laugh everyday. Not a day goes by that i don't think of you. I hope I'm making you proud. Preslee lost her first tooth and beckham is slowly starting to try to walk!

“ *I remember when Edward was in the Air Force and Mom baked cookies, brownies and Cheese Dreams to mail off. I helped wrap them and probably ate one or two I would guess. When he came home from the Air Force. the family was living in Chiefland. It was fun to hear him talk about his military time, especially when stationed on Guam. I got the impression there was also a lot of Pinochle being played when not working and on maneuvers. He seemed to enjoy it though - as he always seemed to enjoy life, friends and family. When he married Dot, they lived for a shiort time in one of the Cottages at Dad's 'Long Pond Motor Court' in Chiefland. It was great to have he and Dot around, especially since I was a bit young to remember him before he left for service. Over the years, over the miles, he and family stayed in close touch. On retirement, I got to see he and Dot even more. He never had an unkind word, was always willing to lend a hand, and he always had a smileeven when Alzheimer's took away his memory. Edward will be so missed, but I believe he is happy now with all those who went before and are waiting for him. Godspeed, kind brother.*

“ When I first became part of the Harper Family and met Edward, I immediately loved him! He was such a kind and sweet soul. He always had a smile on his face and a little twinkle in his eye. He loved his family and was happiest when he was surrounded by them. I recall with fond memories all the "chats" Edward and his siblings would share of days gone by". They all had a deep love for each other and were proud to call each other their brother or sister. Over the years, I realized that when Edward was around, it was difficult to not be smiling and laughing. While Alzheimer's claimed his mind, his heart was still filled with love. Memories of him will always bring happy thoughts to mind. RIP Edward.
