“ *My sincere condolences to the family on the passing of Eileen. Eileen loved her family deeply, and I know they meant everything to her. Being on two separate coasts, we didn't have enough time together, but the time we did share was always wonderful and memorable. I especially loved when she made her scalloped potatoes for her son and me during her visits here in California. Her East Coast family meant the world to her, and I'm grateful for the love all of you showed her. I will always remember her kindness and the special times we shared.*
