“ *Grandma, your loss is truly felt every day. We miss you terribly, but we'll hold your memories, delicious eats, and dirty jokes deep within our hearts. This world was a better place because of your presence. Thank you for being you. Love you so much.*

“ *It was a very sad day in our lives when we learned that our dear friend Flora passed away. She was a special person to everyone that came in contact with her. She was someone that we should emulate for her love, her acceptance of others, her patience and always ready to help others. We will always remember her for her joie de vivre, her delicious cooking and her great jokes (sometimes colorful). We are sure she has a special place in heaven where she is watching over all who loved her. We will miss her dearly. She will stay in our heart with all the great memories she left us. Until we meet again.... Love you 🙏❤️🌸*

“ You were a mom to many and especially to me throughout our 54 year family relationship. You never hesitated to tell me how much “you loved me” especially during all our preCOVID visits. We shared many life long events from my teenager years and as your daughter-in-law; Christmas, Thanksgiving, Easter, family birthdays, cooking, sewing, celebrations and wellness times. You will always be remembered as my “forever role model“ growing up and now as I become wiser. Tonite I will “celebrate your life” with our family Manhattan celebration drink . I’ll miss our chats, but will know you are with my immediate family and dancing the polka with Bill. May you Rest In Peace and may our paths cross again in a new life.
Love you 🌹❤️🌹
