

Geiger Wayne Kephart

January 19, 1952 - July 25, 2021

Geiger Wayne Kephart, 69, of St. Augustine, passed away from complications from cancer at Flagler Hospital on July 25, 2021. He was born and raised in St. Augustine. He was a very talented sheet metal mechanic. His work is seen in numerous restaurants and on the top of many chimney stacks in the St. Augustine area. He said, "if you can draw a sketch of what you want, I can make it."

He is survived by his loving wife, Deanna; his son, Grant Kephart; his two brothers, Lynn (Debbie) and John (Suzie) Kephart; his aunt, Frances Chamberlain; and numerous cousins, nieces, and nephews.

Many thanks to all our neighbors that tried to tempt him with food and helped by driving him to appointments. Also, thank you to his "work family" at Arnett Heat and Air that helped with yard work when he could no longer do it and to cheer and support him. And further thanks to all the friends and neighbors that offered to help in any way they could.

We would like to thank the Cancer Specialists of North Florida for trying to prolong his life and the doctors and nurses at Flagler Hospital that tried so hard to make him more comfortable.

Per his request, there will be no service and flowers are gratefully declined.
