“ I was writing this letter to George and I never got the chance to send it. I thought perhaps the loved ones he left behind might appreciate it and if I send it maybe he will get it in heaven. Dear Uncle George, Obviously, you are not really my "uncle" but that's what we always called you. You were always my favorite uncle. I know the time has gone by and I have not even seen you in many, many years but I wanted you to know how much of an impact you made in my life. You have an amazing talent. I remember like it was yesterday in Dummerston Vermont when you used to come over and drink beer with my Dad and Mom would get mad and we would all sing and play the guitar. I loved every minute of it. I thought you were the coolest ever. You treated me like a person even though I was just a kid. All of these years whenever I hear a Cat Stevens song on the radio or in a cafe I always think of you. "Oh, I'm bein' followed by a moonshadow, moonshadow, moonshadow Leapin and hoppin' on a moonshadow, moonshadow, moonshadow" You played that song better than Cat Stevens did. You gave me the gift of appreciating music, which has stayed with me all of my adult life. Music is soothing during the worst of times and music celebrates the best of times. A few years ago when I heard you were ill and it affected your beautiful voice I thought "WHAT????????????!!!!!!!!!!!! Are you kidding? Why is life so unfair?" All I could think about was the lyrics to Moonshadow. "And if I ever lose my legs, I won't moan, and I won't beg, Yes if I ever lose my legs, Oh if.... I won't have to walk no more. And if I ever lose my mouth, all my teeth, north and south, Yes if I ever lose my mouth, Oh if.... I won't have to talk..." I wanted to call you but I didn't and I'm sorry for that now. All the excuses why we don't reach out and stay in touch with family; like I'm so busy, I'll do it next week, maybe he doesn't want to talk to me. And what do you really say anyway? I'm writing now because I want you to know that I loved you then and I still love you now. "Did it take long to find me? I asked the faithful light. Did it take long to find me? And are you gonna stay the night? Oh I'm bein' followed by a moonshadow, moonshadow, moonshadow Leapin' and hoppin' on a moonshadow, moonshadow, moonshadow" Love, Lara

“ Georgie, Now that you belong to the ages, I wonder if you know what exists beyond the universe. Remember when you posed the question of,if the universe is our reality and it's expanding, what does it expand into? Is that space beyond the known universe infinite? You read scientific journals and could get your head around these mysteries. No longer are the answers blowing in the wind, for now you know. Among many accomplishments, you mastered carpentry, business ownership,guitar, voice and you found a life partner in Nancy. We had so many good experiences, countless to remember. A void developed for me when you left NH to find success in St. Augustine; you and Nancy building a business together. Water, lakes, oceans, rivers had a special attraction for you and for me. Water gave you energy and peace. I think you made your last visit to the Ocean just before your died. I will always celebrate yoieur memory and keep you alive in mine. Mike

“ Dear husband George, I have only just lost you, the pain is hard to bear. Do I have to go through life knowing you're not there? In the darkness I cry a flood of tears, the silence of this house is deafening to my ears. You were my world, my guiding star. Kiss me softly on my cheek and tell me where you are. I will miss you so much, from your loving wife, Nancyw

“ To My Loving Brother George, I don't think you know, how much you mean to me, our childhood memories cherished; I don't think you know, how much I missed you when you moved away; Even though miles apart, you were always on my mind; I don't think you know, that you will forever have a piece of my heart. Until we meet again, rest in peace. I love you, Paula
