“ Wow, didn't links the man, but know is first family. He never er took care of his first wife or their children. Don't know if he knew he had grand children. From what I know of the man, he was a horrible father and husband. Hopefully God will take care of him.....

“ "Dedication to his family" ????

I guess he had kids with Vicki because he forgot about his first daughter and son. He left when I was around 5 and I never heard from him again until I was around 42 years old. That's not really family dedication.

The last memory I have of him is when he took his cigarette and burned my mother's foot with it. Did those cigarettes take his life? Karma I guess.

Strange there are absolutely no photos of him with his children. That's because he wasn't in their lives.

*Sweet nature?
Do you know he had a son and daughter he had nothing to do with. Do you know he abused my mother? None of that is sweet.*
