

Hunter Thomas Stanton

May 11, 2011 - May 3, 2022

Hunter Thomas Stanton is the beautiful boy of Kevin Timothy Stanton and Molly Thomas Stanton, born May 11th, 2011.

Our boy was such a beautiful soul that lit up any room with his smile and soft eyes. He was soooo gentle and brought peace and happiness wherever he went. We do not know why our special boy was taken from us so early, but we carry his Love and Light with us wherever we go.

He loved his little brother Ryder, his favorite thing was being a big brother. Not only with his brother, but any younger kids. He just always took care of others and was so sensitive to the pressures of today's busy world. His other hobbies were riding his dirt bike, playing with his friends, and playing with our animals as they brought him peace. He was connected with nature. Much wiser than his age of just 10 yrs old. We never had to ask for his help, he was soo soft and gentle. He wanted to be a professional motocross rider and he loved Cars.

Mommy and Daddy and are hurting more than words can say. But we trust that there is a higher better plan that we don't understand and never will while we walk this earth. We will see you again beautiful boy and we know you are always with us & have peace.

He is survived by his siblings Caleb, age 17, Lilli, age 14, and Ryder, age 3.

Your siblings want you to know how much they Love you, truly, truly Love and miss you already.

A Celebration of Life for Hunter is being held at the family home on May 11th, his birthday, at 5pm.

St. Johns Family Funeral Home is in charge of arrangements.

“ Hunter truly was a loving soul. The smiles on his face, the cheer and love in his eyes and actions, just warmed our hearts on a daily basis. We're going to miss seeing him play with all the big and little kids around Lake Como here. We will have the chance to hug and love on him again in Heaven, but for now we can just spread his love and compassion to our loved ones. Watch over and protect your family honey, we're all missing you terribly. ❤️
