“ Lee, I am so happy that a few short years ago I was able to speak to you by phone and you have me the greatest honour when you opened up and shared your heart with me and you said it would be okay with you to remember you in my prayers and I never forgot and have been praying for you all that time. Much love and many memories of our younger days with Lisa, your mom and dad in their home in Fox Meadows. You would say that I was like your other little sister and what an honour that was to me since my big brother, Gary, had already gone to heaven. I thought you were the best looking guy in the world and of course I had a crush on you, but loved it that you would call me your little sister, too and you all are like family to me! I haven't seen you in a long time, but memories are interesting and today my heart is heavy hearing about you, but rest in peace Lee and my prayer and hope is that we will see each other again as the Bible does state. I look forward to that day! Love, Robin

“ I am going to miss you, who is going to paint those beautiful roses now? No one could paint or draw them as beautifully as you. I will miss you for many reasons, so many memories and all of them good. I know your laughing right now saying Oh yeah I think I remember that! I will always think of you when I see a spider, lol, and you know why. Yep I forgive you. I love you Lee. You have peace now. When you can, reach down and help me take care of our Alyse. Say "Hi" to mom and dad for me. I love you man CathyyUYHUK
