“ My deepest condolences to the family during this heart wrenching time. He left a mark on everyone he has met. As we get older people/ friends drift away as life changes and we start having families of our own. But the memories are forever and I will never forget his big heart and kindness to others, making everyone laugh and always giving a hug when it's needed or when it's been awhile since you had seen him. He was always a joy to see, and be around. He was a light and that will never be forgotten. My prayers are with his children and family. The loss of a great man, Friend, son , father. RIP Jason Ashton. Your babies now have the best guardian angel.
