“ *When I first came to Gulf Mechanical, Jeff was assigned to me for estimation training. He was a quick study and hard worker. After a short time, he was moved up to Assistant Project Manager, then Project Manager! But more than that, he has been a good friend! I was happy and supportive when he decided to move to WW Gay. It was the right decision for him at the time. I've stayed in touch with him after his departure from Gulf Mech. My heart felt condolences to Bill and family for your/our loss. I will miss you Jeff!*

“ My heart is broken that I will never see him again. He was such a sweet, kind and lovable guy. I had a special connection with Jeff, read books to him and taught him multiplication when he was only six. I love you, Jeff, and miss you now and will for the rest of my life. Gone way too soon! RIP, may you be in God's hands. 🙏

“ I am so heartbroken to hear of Jeff’s passing. I knew Jeff when he was just a little red head boy who lived across the street from us on Jacobs Lane in New York. His sister Katie and my daughter were the best of friends from birth until the family moved away. They were inseparable. Jeff loved to talk fast and run around , he was only 4 or 5 years old when I first met him. My memories of him are of a young child, playing outside and just being a kid. One memory that stands out in my mind, my husband and I took the kids trick or tricking. Jeff was in the back seat trying to get my attention and I didn’t really pay him any mind. After awhile I realized my husband wasn’t in the car. What Jeff was trying to tell me was that I had left my husband on the street , totally forgot him.. Kris, Bill and Katie , you have our deepest sympathy, Rich and I will keep you in our prayers.
