“ I had the privilege of knowing Jerry since 1997. He was the Supervisor of Advanced building company who built our house. They did a great job! Jerry noticed my musical gear and mentioned that he was in a band. We saw them perform on may occasions and Jerry always insisted that I play a song with them. He was a great guy, a terrific harmonica player, and he will be missed by many. RIP Jerry

“ I will miss watching X-men with you on Saturday mornings like we used to do...and you made the best peanut butter pancakes on a Sunday morning! Lots of noogies and flicks on the forehead used to drive me crazy but now they are no more :( You were the fish fry king! Your smile lit up a room and your jokes made me laugh because you laughed at yourself it made me laugh to. I am glad you left us with your musical recordings so we can listen to what a talent you were! You were such a ham...and will be missed! Pap-paw!
