“ I feel so fortunate to have known and worked with this funny, smart, brave man. Since 2000, we have also lived near him and gotten together with Jack as couples. We will miss him so much. After 33 years, I have so many memories of his friendship and his funny stories and thoughtful and interesting perspectives on finances, politics, and many other topics. I contacted as many people as I could from Scotia-Glenville High School to let them know--all express sorrow but joy that they knew and worked with him. He will be sorely missed and remembered well.
