“ I love you dad, I hope you see your father, mother, Edward, Alice Elaine, Josie, and Freddy.

I will always love you, we had good times and special times, you were there for me in my life in hard times, when I was given birth to Zachary and zoe you were by my side, I'm glad my children got to spend all their life with you and me, you were the father they never had and a grandpa too. I'll never forget that rocking chair that all your grandkids were rocked in.

I'll never forget us catching that bass at peace river with no pole, or junking when we saved kitten's twice, plus Thompson Electronics in Eagle Lake, Florida

Best summers every year going on vacation. You and mom sacrificed for me and John. Rest in peace, but my heart knew a long time ago you were sick, just like grandpa Willie. Have peace in heaven with no more suffering anymore, just remember your Q / herschalmortimer/ and George henry loves you everytime I get a cup a coffee.
