“ *Joe, you will be so missed by your family and friends. You and Timmy were some of the first people I met all those years ago in Flagler...we all sure had some fun back then! How ironic that I would end up in Michigan, huh? Rest easy Joe. Give Tim and your Ma a hug from me. Love you my friend. ❤️*

“ *I will forever miss you my brother. I will miss our evening conversation standing at the back your truck talking about just about anything imaginable & sometimes we didn't have to say anything at all. Mostly you would always make me laugh with your easy way. Regardless we always loved to break bread. Always, always quality time. Inevitably you would kick me out when I never wanted to leave because you were never going to miss a days work. Someday we will reunite in heaven but I have work to do for now. See you soon enough. I love you my brother. R.I.P. I Lord knows you deserve it!!*
