Judy was a wonderful part of the P.T. Class of 1961 at the University of Washington. Shown is our graduating picture with our Instructors.

Every 5 years for a long time, then every year the last 10 yrs we would get together for a few days of fun. The above picture was our 2017 gathering. The last time we were together was in 2023.

*Just wanted to add one picture of Judy with some classmates at our get-together in 2023. She was always eager to join in the game and helps us laugh and have fun. Such fond memories we all have.

“ I am so sorry to hear of Judy's passing! She served as a docent at Memorial Presbyterian Church and was good with interacting with visitors touring the church. I still remember her adventures with Bill McPherson and her fondness for fast cars. She will be missed by many. My thoughts and prayers are with you all.

Judy was an inspiration to all who knew her. Her response to anything life threw her way was positive. As a fellow member of the SE Region of RROC, she and I worked together on Awards. We were in awe when she clocked the 100K miles on her Bentley GT! A go-getter and always helpful. Gave so much of herself to others. Prayers for all of the family.
