

Karl P Beaver

March 28, 1962 - July 8, 2024

It is with great sadness that we announce the passing of our beloved Karl Patrick “KP” Beaver on July 8, 2024, at the age of 62.

KP was born on March 28, 1962 to Wayne and Patricia Allen Beaver in Newport, Rhode Island.

KP enjoyed his youth spending time and creating memories with family. He spent his summers in Maine with his grandfather and brother and always looked back fondly on those times and memories.

KP was a gifted athlete and talented musician with a creative mind that drove him to great successes.

He is preceded in death by both parents and survived by his sister Karla (Herb) Payne and brother Kelly.

In addition, he will be greatly missed by nieces Breanna, Kristen and nephew Phillip along with three great nieces Stella, Avalynn and Vera.

A small, private service is planned by family.

“ Hi Karla & Kelly. This is Herb Mehlhorn from Peaks Island. I talked to your aunt who is living in your Grandfather's house on the island and she let me know KP had died. My condolences to you and the family. I will share a two memories from our childhood on the island that should make you smile. One is of KP doing an handstand on his skateboard as he was heading down Congress street in Portland in the middle of the day. The second one was as he was running away from Rod Cassidy...ran out on the porch of the Cassidy cottage and right over the railing for a two story drop to the ground. No injuries, but of course, Rod went over the railing after him and the chase continued!! :) If by chance you get this message. please shoot me an email at themehlhorns@verizon.net. There are a number of great memories from your summers on the island. Would be great to re-establish contact. Best Wishes.
