“ *I had the privilege of working with Lisa at Memorial for years. She was great to be around and kind to her patients. We enjoyed talking about our Dawgs and football. I'm sure she is leaving a big gap with her family and friends..it's good to know Richard has a good community of support with family and friends. She was a special lady..*

“ *What a kind and caring person at all times whenever we were around her. Nothing put on and truly a gift to Us all from God.*

We've known Lisa and Richard since they moved into Ocean Palms and quickly developed a friendship and fellowship enjoying a small group within the community.

Unfortunately I was unable to around the last several days but was overwhelmed when reading Richards text that the night before she passed she gathered the family around and during her prayers she asked for healing for me. Total unselfishness putting others before her very self.

Cindy and I will be available to support Richard as he has to adjust life without His Precious Lisa.

To God be the glory for a life well lived through Lisa, what a blessing

*What a gracious lady. As she battled her affliction, I would see her often walking the neighborhood. I would ask. " How are doing Lisa?" Her reply always: Just fine Bill. We knew different but admired her battle without complaining. She will be missed. I have been down this road and offer my prayers & any help needed to Richard. Honor her past with gratitude and carry on as you know she would have you do.
