

Lisa Renee Rado

August 9, 1962 - December 19, 2020

Lisa Renee Rado, age 58, of St. Augustine, FL passed away on December 19, 2020. She was born in Amityville and grew up in Lindenhurst, New York. Lisa was married to her husband, Phil, for over 31 years. The couple lived in Miller Place, NY for 18 years, where they raised their 2 boys. For 10 years she worked in management at Cheap Johns and 20 plus years at Walmart. Lisa loved gardening, cleaning, redecorating houses, being at her pool and the beach. More than anything she loved her family and will be deeply missed. Lisa was a true inspiration to all as she battled pancreatic cancer for over 20 months. She showed true strength and courage throughout her hard-fought battle. Even through the tough times Lisa always found a way to make those around her smile.

She is survived by her husband, Phil Rado; sons, Philip Rado, Jr. and Ryan Rado; father, Roy Bresloff; her beloved dog, Abby; many cousins, nieces and nephews, and friends. She was preceded in death by her mother, Joan Bresloff and brother, Roy Bresloff, Jr.

What can I say that hasn't already be said? Strong, fearless, dedicated, funny. The list can go on and on. The amount of times that Lisa brought tears to my eyes with her "yooz guys" or the very occasional bad word. Watching baseball games on the hill, eating Dollar Tree peanuts and providing running commentary on the game. Imagining the look on Lisa's face when they moved their dining room hutch, only to find that the wall behind it needed to be painted...the day before the walk through for the new owners! And most recently, visiting Lisa, Phil, and the boys this past year and proving that distance can't break the bonds of love and friendship. Those stories, and others like them never get old and neither do the memories..memories that the cancer that took Lisa CAN'T TAKE FROM US. Her strength, love, humor and grace will be her legacy forever. Knowing Lisa, Phil, Phil, and Ryan for 24 years was like watching the ultimate momma bear over seeing her family. It was beautiful to watch, both in person and form a distance. Thank you, Lisa. You will be missed, loved, and remembered always.

I am truly sorry to read of Lisa's passing. Lisa and I got to know each other on her walks with Abby. We would stop and talk for a long time , even shouting across the lake to chat. She was a strong woman who loved her family deeply. I will miss her talks and smile. May the lord wrap his arms around each of you and give you peace, comfort and strength in the days ahead.

“ Many of my favorite childhood memories are at my aunt Lisa and uncle Phil’s house in NY. Looking back, I don’t think there was ever a time my aunt Lisa didn’t have a smile on her face. I will always remember her as such a loving, caring, and happy person to be around. Our huge family get togethers will never be the same without her. We were all so blessed to have such a wonderful person in our lives. Aunt Lisa you are such a strong person and you fought so hard, I’m happy you are finally at peace.

“ Beautiful Lisa , we both married Barbara’s pride of joy sons ...you married Phil , whom could do no wrong, I married Paul whom did what ever Barbs told him to do Lol.. after 28 years I say we were the lucky ones marrying a Rado....as you would say joking around we were the “outlaws” You always told it like you saw it. You were such a rock to me , you were always there for me, you were much more then a sister in law , you made a place in my heart. The times we spent together with Mrs Burton was probably the most hysterical , she would make us laugh to we cried ! Whenever we talk you would ask about everyone of my children, and when I would ask about “da boys” you would talk so proudly about them, you loved them so much and would say how lucky you were to have them and Phil You will never be forgotten....love you always ❤️Eileen

Lisa , you left us way to soon. You gave the best you could and battled to the end. I have such found memories and so much to be thankful for knowing you. I had the great honor to be best man at your wedding and the Godfather to Ryan. Thank you for making my brothers life full of happiness. You were a wonderful Aunt to my children , and great sister in law to my wife. Our family will never be the same without you .

“ It’s hard to believe that Lisa is gone. I feel like it was yesterday when you lived on Long Island and mom and i would visit you or uncle Phil at work. I remember uncle Phil’s and aunt Lisa’s house was always my favorite to go to then you guys moved and i actually cried. There was this one time when mom packed us all up and decided last minute to take us to Florida. We told absolutely no one that we were going, we get there stop at tropical smoothie and kid you not i look over and see Lisa. She was so shocked she didn’t even realize it was us and when she did she got so loud everyone in the place was looking. It’s memories like that i will hold onto forever. Lisa was so strong and beautiful inside and out. She will never be forgotten and will be missed by everyone so so much.

“ Lisa and I worked together decades ago at Cheap John's. She was such a hard working, take charge kind of person. Yet with all that determination, she made coming to work an incredible amount of fun. I love seeing the pictures from those days because they show how much fun she was having and what an amazingly 80s girl she was, and I say that in the best possible spirit. I miss those days very much.

I also love seeing the pictures of her with Phil and the boys because she loved them all so very much. Beyond anything, her hard work, her sense of fun, her love for her family, Lisa was just incredibly authentic. If she had something on her mind, she would let you know. She was absolutely, 100% herself. And if she loved you and cared about you, you knew that and there was no doubt about that.

So many years have passed since those days and we have not seen each other frequently, but I've always felt so strongly connected to Lisa exactly because of how much we both valued being true to ourselves, and that's who Lisa was. I am heartbroken to know she is gone and so sad for all of you who loved her, too, but I feel blessed to have gotten to know her as I did and for all of you to have been touched by her as well.

Love,

definitely had it way more together than I did. Over the last year and a half, that daring oh so cool cousin was the most daring of all. She fought like hell to kick pancreatic cancer's butt through many different types of chemo, procedures and a clinical trial. She did it all with such grace and a positive outlook with the strength of a mighty warrior. God called his beautiful strong daughter home to be with him yesterday, into the loving arms of her mother Joan and brother Roy we just lost last month. My heart goes out to her husband, sons and her dad that had to say goodbye to his only two children within a month of each other and way too young. I am so much better and blessed to have known and loved you. Fly high beautiful Lisa. Your pain and suffering are over. You

“ Oh Lisa, where do I begin, my life long friend. When I first moved to Long Island from Brooklyn I was missable for a whole year until I met you and you brought me back to life. We became fast friends and were together 24/7. Years later we became family but remained friends first and foremost. So many great memories and great times. Too many to count. I only wish I could have been by your side every day to fight this horrible disease with you. I know you tried so hard to stay here on earth. I feel so blessed to have had a friendship like ours. I feel so blessed to have been a part of the journey of picking your house in Florida that you and Phil loved so much. My heart is with your family and I wish I could be with them right now. I take comfort in knowing you lived a blessed life with them and that you are not alone up in heaven. Rest well my friend. I will miss you and love you all the days of my life. Until we meet again...come visit me in my dreams ❤️❤️❤️

Lisa, you are a big part of my childhood growing up on Niagara Avenue in Lindenhurst, New York. I remember going to your grandmothers house, playing with Tarzan, playing jump rope on the street and swimming in your pool. Sheila and I ate dinner over your house many times and even took a few trips with your family. You're always like family to me and my sister Sheila. We love you and we're so happy you're no longer suffering. May God hold you in the palm of his hand and gently embrace you. Until we meet again. Loretta McDermott Harrison ❤️🙏❤️

“ Lisa,

Our friendship began in 1983, so many years ago at our first job Cheap John's. So many memories and fun times, we all admired your work ethic, dedication to the job and never ending energy! I looked up to you always. ALL THESE MEMORIES I WILL CHERISH ALWAYS!

Our next step was Bargain Time, our business trip to of all places Oklahoma. I can remember hysterical laughing when we got off the plane in the middle of now where in the most boring town ever! But we still somehow made our own fun. ALL THESE MEMORIES I WILL CHERISH ALWAYS!

Working together ended however our friendship continued. You married the love of your life and I was honored to be a part of your special day. Soon after I married and you were a part of my day. ALL THESE MEMORIES I WILL CHERISH ALWAYS!

Your children were born, Phil Jr. and then Ryan the second loves of your life. I followed after having my children and we made memories celebrating our children's milestones. ALL THESE MEMORIES I WILL CHERISH ALWAYS!

I am heart broken to think of no new memories but I will have a positive outlook like u always did and would want us all to have and instead celebrate your life and cherish all the special moments we shared! I love you and will miss you so much! I got your first sign, please keep them coming!

“ Growing up I was always so excited for Uncle Phil and Aunt Lisa to come over for the holidays because their laughter filled the room. My aunt loved everyone in my family and made it well know with every kiss and hug she gave. You made my heart so full with your love and laughter over the years, and I will miss it everyday. You were a fighter and I continue to fight for you everyday with you in my heart.

“ It’s crazy how soon this happened I never would have thought it would be this soon. I love you so much and miss you like crazy. You are one of the strongest person I have ever meant. I am so thankful for you to be my aunt and to show me, teach me that nothing can stop you if you don’t want it to stop you. The fact that no one can tell or notice the pain you was going through because you was always smiling. I have always known you was a strong woman from the start because you had to deal with my uncle 24/7. But besides that you are amazing aunt. I couldn’t be anymore thankful to have someone like you in my life and to teach me to always be strong. Now you get to hang with grandma and Lou Lou and laugh all day with them. “ Lisa there are no words on how much I am going to miss you. I put the time line together and it has to be 23-24 years of friendship. I have pictures of Phil and Ryan on the first day of school.

Who knew we would be friends and baseball pals forever.

We had so many good times. The laughter. Your laugh was so contagious. Just awesome memories.

When you moved, I was sad. But we stayed in touch and it may have been a couple of months before we talked but we would have it all wrapped up in 2 hours or so of catch up.

Gerry and I wish we could have went down sooner before you got sick. Life back then was busy, but we learned not to do that again. We are very grateful for the time we saw you and Phil and bonus, the boys, in January. Covid nixed March. I am glad we really stayed in touch more.

You are the biggest fighter I know. You bravely kept your pain to yourself. That had me fooled but I ultimately realized how you were feeling. You didn't want people knowing you were in pain. I thought about you every day and just wanted to hug you.

I was going to update you on things last Sunday. I still may.

Miss you tons my friend. Love you. Rest in peace.

We are praying for your whole family.

Your very last text to me before you left us was “I love you”. That was you, always thinking of others. I hope you knew how much love you took with you on your final journey. Or how I always felt sitting next to you at any family event was the best place in the house because there was sure to be loads of laughter, often mischief.

There is a hole in my heart that will never be filled. You were the toughest, most determined person I knew; no one fought this cruel disease harder than you. You didn't deserve this but you handled it with grace and courage as you did everything else. Rest well now with Roy, your Mom and Grandma and everyone who loved you. I am praying for strength for Phil, Phil Jr, Ryan and your Dad.
