“ As a Hospice volunteer, I visited Lorena for over 2 years to read from a book of Bible stories and play music for her that I had saved on my iPhone. I am the same age as Lorena, so we both enjoyed the “oldies” from the 1950s and 1960s. When she would remember a song that was meaningful to her, I would track it down and add it to my playlist. Over many months I discovered that she loved all kinds of music from big band to country and I will always think of Lorena when I hear her favorite songs. She was a lovely person and dealt with her long illness with grace and patience. I am sorry that because of Covid-19 I was unable to be with her during her final weeks; I will never forget my dear friend Lorena. I wish to extend my condolences to her brother Chuck and the entire family, and to all of her friends. May her memory be a blessing.
