“ My name is Linda Disy and I am absolutely stunned at the loss of this beautiful, dear lady. I met her when I was working at Baptist Primary Care and we became friends but obviously I was not aware of her recent health problems. I was steadfast in my support of Laurie when her son came to Jacksonville, was quite ill and passed a few months later and I know how heartbroken she was and my heart was with her. I also have a son, who is now in recovery from alcoholism and I understood her pain and the journey they had together. She was absolutely one of the most special women I have ever met. My deep condolences to her husband. There are not enough words to express my love for her, she was so special. There is a new angel in heaven. Linda Disy

*I was always so impressed with Loretta's kindness . She made you feel like you had known each other a long time. Unfortunately I didn't get to know her until after she had found out about her illness. I saw her at the club. Her hair was so cute, I had to tell her. She was so sweet to share it was a wig. I would have never guessed. She was truly Angelic.

I have known Lori for many years from Florida Tackle Gun Club. She always had a smile on her face and I never heard her make a negative comment about anything or anyone. She was a special Lady and I know she will be missed by many.
