

Rev. Dr. Marcie Seidel

January 15, 1933 - July 1, 2022

REV. DR. MARCIE SEIDEL

MARCIE WAS BORN JANUARY 15, 1933, in Cincinnati Ohio. She lived her life in Greenwich Connecticut and Stamford Connecticut for forty-plus years. She split her time going back and forth to parts of Florida to do her spiritual work. She enjoyed, her family, and had so many talents, and hobbies, some were cooking, gardening, art, music, painting, collecting antiques, watching movies, and she could sew anything! Our mother was a strong woman, she was one of the first women to be ordained as a female minister in the United States of America! She worked at the United Nations teaching people from all over the world. She had a wonderful personality she was extremely magnanimous with people, and people were definitely drawn to her! Our mother had a beautiful smile although it was her eyes that everyone talked about. She could look at you with her piercing blue eyes and look right through your soul!

Marcella ended up in Saint Johns Florida on the St. Johns River in a community called Rivertown. She enjoyed living there for the last few years with her daughter Lisa, and family members came to visit her from all around. She passed on July 1, 2022, at 9:30 AM at her beautiful home in Rivertown. She is survived by three adult children of her own: Tina, Lisa, and Bill. She has four grandchildren Mike, Lauren, Mark, and Erin. She also has six great-grandchildren: Layla, Adrianna, Mike, Marina, Declan, and Collin. She will be greatly missed although, the heavens have gained a brighter star, and she is

onward into her new mission!! We all could not be happier for her! Said with
LOVE!!

A memorial service will be held at a later date.

“ I am hoping to reach Lisa. I am devastated to learn of your Mom leaving us. She was the most extraordinary woman I have ever met, and I'm so sorry she is gone, but she is making wherever she is a better place just because she is there. I wanted to touch base and just see how you are doing and where you are, hope you are doing well, and I would love to hear from you. I tried to reach out in the past a few times but did not know where you guys were. All my love and best. Emilie B. 916 915-7381

“ Marcie was such an amazing lady. I met her not long after she had been involved in the archeological excavations at Fort Stamford, and wow, did I receive a wealth of information from her about that spot, confirming my own research. Time passed, but 15 yrs later was lucky to meet up with her again -she was just as lovely & full of light as ever. Have often thought about her over the years, and all that I learned from her. She was truly a unique human being. Marcie Seidel, may you rest blissfully in peace, and may perpetual light shine upon you....Karin Terpin

“*Marcie, brought me many, many years of comfort and has helped me in more ways than I can say. I remember once on one of our sessions, I told Marcie that the dr. detected a mass on one of my breasts. I was literally terrified. Marcie comforted me during that session, and on the day I was to be tested, still terrified, I told the technician who was ready to perform the procedure, that I had to talk to someone before he proceeded. So I got off the table and the technician led me to a phone where I proceeded to call Marcie. Fortunately, she was home and able to accept my call. We talked, and I sobbed, but she told me, "Patty, we've done all we can do; the prayers have offered. Now trust and go do the procedure." Comforted in a way that only Marcie could do for me, we hung up, returned to the room, climbed up on the table, and went through with the procedure. Fortunately, and thanks to Marcie's presence in my life at the time and her prayers, everything turned out positively, and my breast was ok. There were so many trying times in my life like this one and Marcie, calmly, patiently, and prayerfully was always there to support me and do what she could to remind me that someone on the Earth loved and cared for my well being. I have to say that over the nearly 30 years that I knew Marcie was primarily over the telephone, having met her only once in those years in Florida.*

Though we haven't communicated in the past three or four years, Marcie was always present in my life through what she taught me about the spiritual life, about myself, and what I've been able to become spiritually. Thank you, dear one for all you've done for me and the comfort you gave me that always came through so clearly through every telephone session. You truly were a blessing in my life. God speed on your new mission on the much higher plane of Life.
