“ Mom, I love and miss you more than words can say. I may have only known you for a short time but you touched my life. We shared so many good times together during the short time that we have known each other. There were times when I just wanted to scream because you were being so hard headed. It made me love you even more in the end. I am grateful for the time that we got to spend together. Please tell my Granny I said hi and tell my Grandpop that his great-granddaughter got to go for a ride on a John Deer tractor. I love and miss you everyday.
