“ I met Melanie in grade school and we had lots of fun in Girl Scouts together. We graduated from high school together. Such fond childhood memories. We lost touch as adults... I am very saddened by the news of her passing. Just found out yesterday. 😭

“ *Though I hadn't known Mel too very long, she was one of the sweetest, most caring and giving people I know. It was truly heart breaking to learn of her departing this earth but I know she will be always be an angel above.*

“ *"A grandma is warm hugs and sweet memories. She remembers all of your accomplishments and forgets all of your mistakes."*

These words came to mind whenever I saw your smiling face or heard your name. You were one of my biggest supporters and would always express to others how very proud you were of my accomplishments as well as my aspirations, such as the dream of me becoming a nurse. Whenever I heard your voice on the phone, my day would instantly change from bad to great. Not only were you there for me, but for others as well. Whether it was a close friend or even a stranger on the street, your hands and heart were always open to comfort and support those in need. Although it brings me great sorrow to know that I will never see that big beautiful smile or hear that sweet voice again, the thought of you dancing around heaven with the one who blessed us with you, will forever be my sunshine in this cold, rainy nightmare. I love you, Grandma Melanie. Always and forever.

*Love,
Your granddaughter and future RN (Daijah)*
