So sorry to find this out, we had some great discussions over the past year. I was glad to have had the time to talk to Mike. Missing him a lot. A least I was able to get him a jar of sauce. God Bless

“ Mike was a great brother he was always looking out for his younger brothers and sister. If you had problem with your car, he would fix it, a problem with your heating or plumbing he would fix along with any electrical problems. He also had no problem letting you know his opinion. Love you brother RIP.
