“ So very sorry Marcia, I know you loved him and he will be with you in your heart forever. I remember meeting Mike as my neighbor and helping him when his pump would go out, as we would run a hose over to help prime the pump. Then he would ask me to feed Piggy (his cat) when he had to be away from home. He was devastated when she passed away and when he was ready to add another sweet kitty to his home he came to me knowing that I had exactly what he needed. He fell in love with a beautiful little grey kitty that I had named Daisy Duke and when he took her home (right next door so I could visit often) he changed her name to DD, she will miss him too. Take care, Love yah Jean.
