

Michael D Struhar

January 4, 1954 - July 5, 2021

Michael D. Struhar died July 5, 2021. Mike was born January 4, 1954, at Wiesbaden Air Force Base in Germany to Elizabeth and Michael Struhar, who predeceased him. He is survived by his wife, Deborah, sister, Peggy, nephews and nieces, Dane, Beth, Christie, Greg, Ashley and Sarah, and their families, as well as many cousins and friends. Mike graduated from the University of South Florida and led a successful career as a Nuclear Chemistry Instructor. He retired to St. Augustine Beach where he volunteered at Whitney Lab Educational Programs and enjoyed many years of offshore fishing adventures with family and friends on his boat, El Molo.

“ *I met both Debbie and Mike while attending the University of South Florida. We became instant brothers, you know the energy flow when it happens, just a subtle kinship that lasts a lifetime. When last we spoke, about 4 months ago, Mike was still in assisted living. I never realized how serious his condition actually was. And of course that's Michael at his best! "I'm doing fine, now tell me all about what's happening in your life!" Michael will be sorely missed. He left a good trail and I'm a better person for having known him as well as fortunate for the time we had together. Debbie, If you ever find yourself in need of anything please let me know. I'm a phone call away. I have one of the last land lines left in the USA and the number is listed. I'm also opening an office in Jacksonville so I'll have a presence in Jacksonville by the end of the year.*

During the summer when cousin Mike and family were moving from Delaware to Florida! Mike spent the summer at my mom and Dad's house!. He and I got a construction job and worked in the broiling sun! But on the way to the hard work and home again we would sing along with the radio! Weekends regardless of how tired we were was adventures of hiking in mountains, swimming in the lake, or the Chattooga River with friends or a weekend excursion to the beach enjoying the high end comfort of a tent!! Those were fun days and the hard construction work was made tolerable with the comradeship of my cousin! I will always cherish those days!
