“ *I met Tony and Rosalie at bible study. His smile is contagious! I say (is) because he is alive and well in heaven, and I bet his smile is even more contagious. I knew immediately Tony was a Brother in Christ. Any chance he could he would come near and talk about the happenings in our world and the return of JESUS. Tony you will be missed.*

“ My grandfather played a very important role in my life, he played the role of a father figure. I remember him taking me to school and picking me up and never once complained about it— the same with work. He loved and cared for me like a father would his daughter. He taught me very important life lessons and often comforted me when I was sad. My grandpa was a all around good guy who loved and served the lord and had a smile that was contagious. Until we meet again in the sky! We love you forever, grandpa!

“*Rosalie and Tony have been in my life for a very long time. Tony would tease me especially when I was younger and I wasn't sure how to take it, but after several years I learned he was just a fun, kind and loving man whose faith was unshakeable. We would have conversations when Rosalie was out with clients and he knew my dilemmas. His faith helped me to start my spiritual beginnings I never had most of my life. Of course Rosalie was a part of this too as she is one of my dearest friends. I will never forget Tony's words of faith and encouragement. He wasn't suppose to leave so soon as we had a plan for them to help me find my dream home in FL by them and I needed his expertise on the bones of the structure. But God always has his own plans for us, and he knew you were tired and weak. You fought so hard, but he decided that the time had come to stop all the pain. You will be missed by so many. You were a great husband and father. Your friends knew you were there for us when or if we needed you. I will miss you but I know you are flying high with all the angels in heaven. And just like your faith, I know my faith is telling me you are watching down on all of us.*”
