“ I was lucky enough to be assigned Miss Nancy as my financial aid counselor at Flagler in 2011. We instantly hit it off since we were both from RI and she became a person of comfort to me and always gave amazing advice - as a 1st gen college student my mom and I often felt lost and she took as much time as needed to make sure we understood our options and were comfortable. I would go visit her for advice on what classes and professors to take, to just catch up on each other's lives, I learned about all of her nieces/nephews and how proud she was of each and every one of them, and we stayed in contact even after graduation. I am so sorry to hear of her passing - she really was such a genuine, funny, and compassionate person - the world could use more people like her. Many condolences to her family - she will be missed dearly.
