“ Pat was amazingly talented as a Floral Designer. I met Pat in one of her many classes. She was always smiling and had extreme patience in teaching us. I shall always remember her smile and gentle voice. She leaves us way too soon.

“ I only knew Pat since late 2019 but quickly realized what a positive outlook she had on life. She would display that by her little idioms ("You have to take the bitter with the sweet") and of course, her floral arranging. She was kind enough to make an arrangement for me and my wife during our Garden Circle luncheon in May. I'm so glad I got a picture of the 3 of us together with the arrangement. I'm thankful for her friendship and pray for her family's healing during this time of loss.

“ I met Pat through the Garden Club and more recently became closer in friendship with her. Her can do attitude and spunk were contagious. She coached us rookies through a floral contribution to an octogenarian event put on by the Council On Aging just this past May. I recall visiting her at Winn Dixie where she worked and it struck me just how vibrant and alive she was there amongst the beautiful flowers she so loved. She was proud to show me her latest creations in the cooler. Her work stood out as distinctive and cutting edge.

Pat was a special lady whose absence will be felt by all her friends in Garden club, especially me. Rest In Peace dear friend.

“ I knew Pat through the Garden Club. While our contact was all too brief, I found her to be warm and inviting. The Union Prayer Book has a passage that reads in part: "The departed still live on earth in the hearts of those who cherish their memory and in the good deeds they performed." I will miss getting to know her better. But I know she leaves behind many good memories with her family and friends.

Warmly,
