“ *I am Penny's cousin, so sad to hear of her passing. Although we grew up distances apart, Penny is remembered fondly during my childhood, on many occasions during the holidays I would very much look forward to her visits to Nan and Grandads house. We would have such fun and many laughs. Penny always had such a bubbly infectious personality, a natural and beautiful aura inside and out. I would introduce her to my friends, they too were captivated by her wonderful smile.*

*My thoughts are with our lovely Aunty Dorothy, Sherry and indeed all of Penny's family and many friends.*

*Always in our hearts.*

“ I worked with Penny when I was with the Fields Auto Group. She had a way of making people smile, always friendly, and making friends. I remember when my dealership first became a part of the group, we held a party for our grand opening, and I had to work during the event. Even though I had to work, she made it a point to make sure I was involved and still had a great time. Even after I left the group, we still remained friends. She was truly a special woman and will be dearly missed.

*Just by chance, we came across this terrible heartbreaking news about Penny. Penny was my niece. She was always the life and soul of one of our many visits to America and she was always full of fun and laughter. Our thoughts and love go to all Penny's family. Penny will always be remembered by us and anyone that had the privilege to have known her.*
