*I will miss you until I see you again in Heaven. You are in my heart always & forever.*

*If I had only known the last time would be the last time. I would've put off the things I had to do. I would've stayed a little longer, held on a little tighter. Now what I'd give for one more day with you. 'Cause there's a wound here in my heart where something's missing, and they tell me that it's gonna heal with time. But I know you're in a place where all your wounds have been erased, and knowing yours are healed is healing mine.*

*The only scars in Heaven, they won't belong to me and you. There'll be no such thing as broken, and all the old will be made new. And the thought that makes me smile now, even as the tears fall down, is that the only scars in Heaven are on the hands that hold you now.  
Love you, Mom*
