“ *I will love & miss you! I'll always look back on all the good times. All the concerts & shows we went to, and sleepovers growing up, driving around town hunting down all the weird NJ places. Just so many good memories. Everyday was an adventure and the possibility for anything to happen. We would go anywhere & do anything as long as we were going together it didn't matter what we did or where we went it was always a blast. I will always remember and cherish those times* ❤️ *love you and will never forget you*

“ I've known Robin since HS and she literally got me through some of the worse times in my life... Whether it was a midnight ride to white castle or he has had a bug that can make all the pain you were feeling go away.... I wanna share one of the funniest moments I had w Robin.... We drove to Chicago for a lollipopza which featured the Pixies (the band that inspired Nirvana) we had an amazing time in Chicago listening to all sorts of music... There was 4 stages.. So at the end of the concert we headed home. We were staying in Hammond Indiana. Robin wore a belt buckle that said FUCK on it... I swear to god it only said fuck.... Anyways after the last 3 days of the show we drove back home to NJ. On our way home we saw the band Coldplay's tour bus. Of course she drove right next to it and I took a picture of the bus.... None of them came out lol.. After I was done taking the pics Robin sped up and cut them off.... The tour bus beeped and I was like Robin you could have killed them... Her exact words were "fuck it Andrea it's just Coldplay" I laughed hysterically for at least an hour.... She had the kindest heart and she will live on in our hearts.... I love you Ruby
