“ Dearest Susan, you are so very missed and never forgotten. I remember saying to you that if I had the 'world over' to choose a sister-in-law, it would be you. Susan, you were the best ever. When I walk by my dining room table, I can still see you sitting there. I have memories of you in the kitchen preparing the dogs' food. I am remembering the last time we were together and wish I could hug you again. You left our world so quickly. The memory of your beautiful face and personality will stay with me forever. I miss you terribly. Love, Judy

“ *Dearest Sue,
More than twenty years ago at the Daytona club agility trial, our husbands crossed paths and asked what breed of dogs they had as they looked different. Come to find out they were the same breed coming from the same kennel, Afterhours. It was the beginning of a great and long friendship. You used to joke saying that the Daytona trial was on anniversary!*

You and John welcomed the dogs and into your house for the Jacksonville area trials. We had good food, conversations, celebrated our birthdays.

Over the years we entered countless agility trials, traveled, celebrated our wins, our challenges on the courses and supported each other. You introduced me to your local agility friends, extending my agility family for more fun. Separated by distance we always stayed connected.

I was so fortunate and privileged to have met you, Sue. You were such a good friend, and listening ear. I miss your kindness, smile, laughter, the strength you had, always helpful. I felt safe knowing that you were at the same hotel when we were traveling.

I miss you Sue, its hard not to talk to you. I thank you for everything you did for me.

For now it is till we meet again sweet friend with our dogs waiting.

“ When Sue lived in Massachusetts, we were riding partners. She was a good equestrian - a good, thoughtful riding partner and very caring about her horse, Mickey. We rode hundreds of miles together on endurance rides. We had a blast together, we had another rider too that often came with us and I couldn't have asked for a better group of equestrians. She is missed. Prayers for her family.

“ We have spent 18 years selling our dog products in Florida in the winter and we made lots of friends, you were one of those. Diane Philibert introduced us to you and whether Diane was there or not, you would always say hello or stop by the kiosk for a little chat. You looked so happy surrounded by your dogs. We will never forget your smile. We are sure you must have had a lot of joyful reunions when you crossed the rainbow bridge. 🌈 All our condolences to John and the rest of her family and friends.

“ I had the great pleasure of working with Sue for 10+ years and absolutely loved every minute. Sue always had a positive outlook and just made everyday fun. I loved spending time talking about our dogs and the love for the breeds we each had with mine being Chesapeake Bays and hers being the Wire haired. She was so active and loved her time with the dogs. I will truly miss our texts and chats catching up on our lives.

“ *I knew Sue because of the dogs in their life. She was always happy and smiling. It's a shame that someone who brought so much to the world left it too soon.*

“ *My dear, sweet Sue...*

Thank you for the 20-plus years of allowing me to be not only your hairstylist, but also your close friend. There is something truly special about the relationship between a woman and her hairdresser, and ours was one of a kind.

Over the years, we shared 229 visits together—each one about two hours long. That’s not just appointments...

That’s hundreds of hours of laughter, stories, struggles, secrets, and life lived side by side. I consider myself incredibly fortunate and blessed to have known you, to have loved you, and to have been a part of your world for so long.

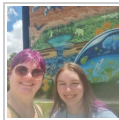

I’m going to miss you so much—your warmth, your humor, and of course all of our crazy chats about life... and about 45 and 47 (those will always make me smile). But even through this sadness, I know—without a shadow of a doubt—that we will meet again real soon. Until then...

Godspeed, my friend.

And thank you, Sue, for everything.

You were a great neighbor & friend many many years ago when I lived at my grandparents while my dad was in Vietnam. You were a bit older than I and seemed so adventurous and kind. I wish we could have met again. I was excited to reconnect via social media. May you be at peace as well as those whose lives you touched feel comfort in their memories.

Susan was always smiling and had a sparkle in her eyes. One of the first times my husband and I were with her and John, I noticed she had tiny strips of shiny "fairy tinsel" in her hair. I knew I liked her in that moment. Susan was fun-loving, kind, very smart and full of life and energy. Such a great loss for John and all who were blessed to know her. Rest in peace and we will see you again on the other side.

When we were kids, Sue had a pet skunk! Her love for animals was there from the beginning. I will miss you - with so many childhood memories to look back on. Very sad that you are gone, but not forgotten. ❤️👍

Sue was the first person I met when i moved to Jacksonville 22 years ago. She was the first person I told about my cancer if that tells you anything about my trust in her. We spent so much time together walking our dogs, scouring nurseries and art festivals to decorate our new homes. It is so hard not being able to pick up the phone and say hey, let's meet for lunch or don't forget to sign up for class at the Y or my dog just — (fill in the blank) what do I do? I will miss you always my dear friend. Until we meet again ...
