

## Ted Reynolds

November 26, 1960 - June 13, 2025

It is with heavy hearts we announce the passing of Mr. Teddy "Ted" Dewayne Reynolds. Born November 26th, 1960, to James Elmer Reynolds & Barbara Shelton Reynolds in Manchester Tennessee. Ted was a quiet, powerful presence whose stoic leadership was admired by all. He would see tasks through, and if it came to his work, he was determined and extremely dedicated. Ted's love of crushing rock came from his late father and late uncle, Brannon. This love took him from a small farm in Summitville, TN to quarries all around the world. Becoming Vice President of Operations for Vulcan Materials, his career was one of his favorite hobbies. Though that wouldn't mean he was an uncaring father. His children adored him, and some of their fondest memories were the times cheering on the Tennessee Vols, or watching Ted smoke meat on the grill. Even though he could never eat it all, he could never pass up a BOGO deal at Publix. He'd always make football games a special occasion, making sure in one way or another his kids had Beeler's wings. Ted would often reminisce about his own experiences fishing with his father, who instilled the love of the sport into him, and the love was passed down to his son Elliott as well. Ted was a huge fan of The Eagles and would often travel to see them in concert several times a year. Ted will be sorely missed, though his legacy lives on in his family.

In addition to his mother, Ted is survived by son Elliott Reynolds (Ashton), daughter Olivia Tomlin (Matt); Grandchildren; Ella Grace (5), Riley Kate (3), & Luke Tomlin (6mos), Neely (3) and Annie Reynolds (1), who will miss their

Poppy; Brothers Jimmy Reynolds (Wanda), Steven Reynolds, sister Theresa Williams, and a host of nieces and nephews who he adored.  
He is preceded in death by his father, James Elmer Reynolds.

The Reynolds family will host a Celebration of Life at a later date.

The family asks for prayers during this time, and appreciates your well wishes.  
May God bless Ted and the Reynolds family.

“ We worked with Ted (& Jimmy) at the Vance SRM quarry when he first came to Alabama, in August I believe mid 1990s. It was not funny but funny how he talked all the time about how blazing HOT the Alabama heat was those first few months. But by the next summer he was right at home! Then as later with the Oldcastle work group he would come in for a few weeks with smoked salmon for us to “sample” to tell him it was better each week because as he would say” I am going to get it perfect” & of course he finally hit the right combination & he was satisfied. Ted was always soft spoken, even at times when he would be “stern” as the job called for. We will remember Ted as friend all the rest of our days. God’s blessing for peace & comfort & only good memories to each of you Reynolds family as you adjust to life here without Ted. To Elliott & Olivia, we want to say how much we know he loved y’all, he was always quick to pull out pictures of yall & to tell us of things yall be doing, Ted was a devoted loving Daddy although much of it was “across the miles”.

“ *Teddy and I were in the same class/homeroom from Mrs. Freddie Shelton's first grade through high school graduation. I considered him a good friend. In sixth grade, Teddy, Robert McCarver, Kammie Gibbons and I may or may not have "almost" got into some trouble for playing Chicken in the classroom when Mr. Stephen's was out of the room! On the few occasions when we happened to run into each other after our school days, we were able to have good conversations about memories and where our lives had taken us. I wish that I'd had the opportunity to make him some more chocolate oatmeal cookies and sit a while to reminisce. Sending up prayers for comfort for Barbara, his children, and all the family!*
