“ *It is hard to single out one specific memory. I liked Tracey from the minute I met her. It is crazy to think that was actually over 38 years ago!! As with everyone who knew her, we had a long and lasting friendship. Tracey was one of the most loyal people I've ever known. Although almost all of my memories are about the fun times and the tenderhearted memories of raising kids and the funny stories we shared of dealing with the eccentric personalities of our husbands, She was never negative about anything! She spent the entire day with me when I was not sure that I was in labor with my first baby (Max). That day, she drove me out to Stella's house, Stella had so many kids we thought she would be able to tell me if I was in labor. (It turned out that I was). We cracked up on the way home, she was so nervous the baby would come in the car. Another unique outing, We traipsed out to Mickler's Landing at 4 in the morning on a windy night to see Halley's Comet.(I have felt her strongly all day today nudging me to go out to see tonight's meteor showers). Tracey's legacy is one of abundant love. Not many people can say that. I am so blessed to have the comfort of my memories. Ronnie and Aaron you are in my heart during this most difficult of times.*

*Love,

“ Tracey or as I always spelled it, Traci, was a kind hearted, beautiful lady, who never missed a Birthday card or Christmas card to us. We will miss her laugh and big smile. Billy would always call and tease her when her New York Giants would be playing, win or lose, she loved her Giants. I have fond memories of the days she would come by and visit, when Billy and Ronnie went to College, she gets it. Prayers to Ronnie, Aaron and all her family and friends, as we all know, she is at peace and out of pain. Shine on Beautiful lady. Always in our hearts, you will be greatly missed. Love Billy and Renea
